

NOT FOR A CLASS

But For Every Young
Man Is Y. M. C. A.

Far From Being One-Sided, Says
Secretary Hooper.

"Some people in Akron are asking the question will the Young Men's Christian association meet the needs of the young men of the city generally, or will it be for only a certain class," said Secretary R. G. Hooper, Tuesday.

"To answer this question intelligently," he continued, "let me give statistics of attendance for one week at the Dayton association: Reading room and parlors, 1,023; gymnasium and baths, 872; educational classes, 534; lecture, 350; restaurant, 1,900; men's meeting and bible classes, 616; Saturday evening popular entertainment, 620.

"This schedule shows plainly that the association is not one-sided, but that it is a balanced institution, appealing to a young man from many standpoints, and furnishing the possibility of development for every part of his nature.

"The membership fee is made so reasonable that no young man is excluded thereby; the influence of its work is such that all classes mingle in its rooms, and on the gymnasium floor. The association demands of the member, and the members demand of one another, but one standard, and that, the gentleman."

Only Two Cases.

There were only two cases in Mayor's court Tuesday morning: W. W. James pleaded guilty to intoxication in Police court Tuesday morning, and was fined \$1 and costs. Peter Petibone pleaded guilty to the same charge, and was fined \$2 and costs.

Paine's Celery Compound

Is an Infallible Cure For All
Forms of

RHEUMATISM.

Although we are all born with the principles of dissolution in our frame which continue to operate from our birth to our death, we are under obligation to Heaven and our loved ones to keep ourselves free from disease and suffering. While death must come to every human being, pain may be avoided, and our days made happy and long, if we keep the blood and physical structure in proper condition.

At this time, while we warn the thousands of rheumatic sufferers of the folly and danger of allowing rheumatism to run unchecked at this season of the year, we can comfort them with the happy assurance that Paine's Celery Compound permanently cures the terrible disease. This wonderful medicine has won the hearty indorsement of medical men, and its virtues are lauded by tens of thousands rescued from agony and death. Mr. Chas. W. Lacker, Mount Pleasant, S. C., who banished his rheumatism by use of Paine's Celery Compound, writes thus: "It is now going on two months since I have taken Paine's Celery Compound for rheumatism. No other medicine, I think, could ever have done me so much good. I have not had an attack of it since. Previous to taking the Compound, I tried everything, and had two of the best doctors in Charleston, but they only gave me some relief for a few days. Two bottles of Paine's Celery Compound completely cured me."

ACT QUICKLY.

Delay Has Been Dangerous
In Akron.

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Don't's Kidney Pills act quickly. Cure all distressing, dangerous kidney ailments.

Plenty of evidence to prove this. Mr. Henry Green, of 210 Hickory st., stationary engineer, says: "Don't's Kidney Pills cured my backache and toned and strengthened my kidneys. Before procuring them from Lamprecht & Co.'s drug store and taking the treatment I had a disagreeable sensation in the back of my neck in addition to other symptoms of weakened and irregular kidneys. Don't's Kidney Pills removed these symptoms and I cannot too strongly express my confidence in the remedy. They have responded promptly whenever I resorted to them on the slightest appearance of lumbago."

HITCHED

A Rope Around
Horse's Tongue,

And With Another Horse
Pulled It Out.

(Special Correspondence.)
Barberton, Dec. 9.—A case of extreme cruelty to animals was reported from here to the Akron Humane Society Tuesday. It was alleged that on Thursday of last week a Barberton drayman literally pulled out the tongue of one of his horses by placing a rope around the tongue with a loop hitch and hitching another horse to the rope. The case was reported back to Barberton by the Akron authorities, as the case should be handled by the Humane society here. It is understood that the Barberton society is now investigating the case.

SHORT

Session by Barberton
Council.

(Special Correspondence.)
Barberton, Dec. 9.—Contrary to standard history relating to all former meetings, the Barberton City Council was in session just 40 minutes Monday evening. The only business before the body was the matter of A. A. Moore's bond of \$5,000 to guarantee regulation improvements in the Moore allotment. It was promptly approved.

During the meeting Mr. McCarthy complained against the Philadelphia schedule of lighting, and said the city has had no contract for two years, and all that the light company did was to present its bills, and the city paid them. After Dec. 1, however, the city will have a contract and may regulate the lights upon a more accurate basis.

Mr. Anthony is of the opinion that the N. O. T. Co., which furnishes the light, has been taking too full measure of its opportunity. "The lights are kept burning too late in the morning," he said, and added that sometimes they might have been turned off nearly two hours earlier. He is in favor of having the matter called forcibly to the attention of Mr. T. W. Shelton, mechanical engineer of the N. O. T. Co., who has this matter in charge.

ANOTHER

Fatal Accident at Bar-
berton.

(Special Correspondence.)
Barberton, Dec. 9.—Monday evening, at 7:30, Walter Caskey, aged 28, employed at A. E. Chandler's blacksmith shop, fell down stairs in the establishment, receiving injuries which caused his death a few minutes later. It is said he was intoxicated, and that the accident was a result of this condition.

Corner Leberman is ill, and has not yet started an investigation of the case. Caskey came to Barberton recently from Sharon, Pa., and his remains will be sent to that city.

SYRUP OF FIGS

Acts Gently;
Acts Pleasantly;
Acts Beneficially;
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially.
